

**TECHNICAL DATA SHEET**

**PRODUCT NAME :** MAGNESIUM SULPHATE ANHYDROUS  
**FORMULA :** MgSO<sub>4</sub>  
**APPEARANCE :** White Powder  
**APPLICATIONS :** High concentrated magnesium and sulphate fertilizers, pulp industry, feed additive, pulp industry, manufacture of detergents, particularly for washing machines, ABS plastics, chemical industry, manufacture of other magnesium compounds or pure magnesium sulphate solutions, sewage treatment, dye works, alumina beneficiation, rayon and textile industries, building and refractory industries, fire extinguishing substances, adhesives.

PROPERTIES	SPECIFICATION
Purity	99.00% min.
Magnesium Oxide (MgO)	33.00% min.
Magnesium (Mg)	20.00% min.
Sulfur (S)	26.00% min.
Heavy metal (Pb)	0.001% max.
Ferron (Fe)	0.001% max.
Water Insoluble	0.10% max.
Chloride (Cl)	0.15% max.
Arsenic (As)	0.0003% max.
Manganese (Mn)	0.002% max.
Calcium (Ca)	0.03% max.

**PACKING :** 25 KG/BAG

**ORIGIN :** China
