

**TECHNICAL DATA SHEET**

**PRODUCT NAME** : SULFAMIC ACID 99.50% MIN.  
**FOMULA** : H<sub>2</sub>SO<sub>4</sub>  
**APPEARANCE** : White Crystalline Powder  
**APPLICATIONS** : Acid Cleaning for descaling agent of: Cooling towers (air conditioners), Marine equipment (sea water evaporators), Water wells, Oil, gas wells; Dairy equipment (pipeline milkier, milk evaporators), Brewery equipment, Sugar evaporators, Pulp and Paper equipment, Desalination equipment, General industrial equipment (boilers, condensers, heat exchangers, evaporators, etc.), Household equipment, Bleaching for Pulp, Sulfation and Sulfonation, Dyes and Pigments, Electroforming, Electroplating, and Electrorefining, pH Adjustment, Curing agent for Phenol, Melamine, and Urea Resin in Anodizing for Manufacture.

PROPERTIES	SPECIFICATION
Purity	99.50% min.
Sulphate (S)	0.05% max.
Iron (Fe)	0.0025% max.
Water Insoluble	0.05% max.
Loss on Drying	0.40% max.
Heavy Metal (Pb)	0.001% max.
Mesh	20-100 Mesh

**PACKING** : 25 KG/BAG

**ORIGIN** : China
